RESPONSE TO RESTRICTION AND ELECTION OF SPECIES REQUIREMENT

Sir:

This communication is responsive to the Office Action mailed on April 24, 2006, in which all pending claims 18-65 were subject to restriction and election of species. In particular, the position was taken that the application includes claims directed to 2 distinct inventions: Group I, claims 18-50 and Group II, claims 51-65.

By this response, Applicant elects to prosecute Group 1, claims 18-50, without traverse.

The Requirement also required election of species from among the following:

Species	Figures
A	11
B	12
C	13
D	14
E	15
F	16
G	17

Applicant elects Species A (Figure 11) in this application without traverse.

Claims 18-22, 24-25 and 31-50 are readable on the elected species. The Examiner has acknowledged that claim 18 is generic. The Applicant asserts that claims 43 and 50 are also generic.

Respectfully Submitted,
